At first it was a little bit difficult "to find ones feet" because there were students from every part of the world. Tara and Nami are excellent staff and they helped me.

After two months, I was so happy to have met a lot of students from every continent. It's been an amazing experience to learn new cultures. I think that my mind is more open now. A the same time I have improved my English with my favorite teacher, Vanessa! I'll remember this experience for the rest of my life!

Thank you everybody!
